COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

An Examiner's Statement of Reasons for Allowance accompanied the Notice of Allowability recently issued in connection with the above-identified application. The comments in the Statement of Reasons for Allowance refer to "means for measuring a predetermined magnitude in a first portion of the web to form a first package, and providing a second portion for forming a second package with information of the measured magnitude." For purposes of clarification, it is noted that the allowed independent claims in this application, Claims 9, 10 and 14, do not recite the specific language mentioned in the Statement of Reasons for Allowance. For example, the independent claims do not set forth the "means for measuring" language referenced in the Statement of Reasons for Allowance.

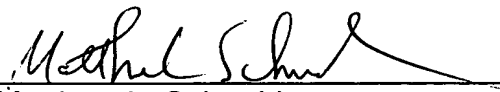

This paper is thus being filed to clarify the record and make clear that the Examiner's comments in the of Statement of Reasons for Allowance should not be understood to imply that the allowed claims in this application recite anything different than that which the claims themselves recite.

Should any questions arise concerning this matter, or should the Examiner disagree in any way with the observations set forth above, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
